

Walk My Way

Sunshine Coast Walkers' email #3

To: all Sunshine Coast WMW registrations
From: walkmyway@alws.org.au
Date: Friday 5 July 2019
Subject: **Your challenge for the children!**

Dear Friend,

Did you know that when you *Walk My Way* on Sunday 4 August...

...you'll be joining more than **550 people** who've *Walk-ed My Way* around Australia?

Together, you're helping more than **6,497 refugee children** go to school! Thank you!

A challenge for you

There are only **26 days** until you *Walk My Way* – yikes!

Your challenge: can you **DOUBLE** the number of children you're already helping??

Here are 3 ideas on how **YOU** can help more children go to school:

1. Go through your phone contacts, your email address book, your work contacts – who could you ask to **help a refugee child go to school for only \$26?** (NB:

people over 60 are great, people who have their own kids will relate, and anyone who wants to support YOU will help!)

2. **Share your personal fundraising page on Facebook and via email** – even if you've already done so. (People get so much on their feed and in their inbox – it helps to resend and jog the memory. If you're having trouble finding your fundraising page, have a look at this FAQ: [How do I share my fundraising page?](#))
3. Ask your friends and family to walk with you! They don't have to do the full 25km. There are start points at 8km and 16km, and buses to take them there. **Make it a weekend family getaway** and stay the night at Luther Heights Youth Camp for only \$22/person!

What? Where? Who?

Got questions about bus times? Or how to pay in cash donations?

Answers to (almost) everything can be found in two places:

1. The [Sunshine Coast Walk webpage](#) – make sure to check out the PDF docs under 'Further Information'
2. General [Walk My Way FAQs](#)

For anything else, please get in touch!

Thanks for ALL you're doing.

Kirra, on behalf of the Walk My Way team
walkmyway@alws.org.au

PS: If you've just signed up and missed my first two emails, you can [read them here](#) (scroll down to 'Further Information').
