

ALWS CASUAL HELPER CHILD SAFEGUARDING CODE OF CONDUCT

This Code of Conduct is for ALWS casual helpers – who are unpaid and assist ALWS activities in a short term capacity, in an environment that is supervised by ALWS staff and hosting organisation staff (eg schools).

ALWS personnel are responsible for maintaining a professional role with children, which means establishing and maintaining clear professional boundaries that serve to protect everyone from misunderstandings or a violation of the professional relationship.

ALWS has developed this Child Safeguarding Code of Conduct to protect children, staff and the organisation by providing the clear behavioural guidelines and expectations below.

I _____ [insert name], agree that in the course of my association with ALWS, I will:

- not access or use information about children or their families for purposes outside of what I have been specifically requested to do by ALWS
- use any computers, mobile phones, video cameras, cameras or social media appropriately, and never to exploit or harass children or access child exploitation material through any medium
- not meet with or communicate with (including by email, phone, social media etc) any child associated with ALWS' work outside of what is required of me for my work with ALWS
- if my work does require me to communicate with a child by electronic medium or post, I must include the child's parents and another ALWS staff member (if electronic) or show another ALWS staff member before posting.
- immediately report concerns or allegations of child exploitation and abuse and policy non-compliance in accordance with appropriate procedures (see Child Safeguarding Reporting Procedure and the summary contact details below)
- immediately disclose all charges, convictions and other outcomes of an offence that relates to child exploitation and abuse, which occurred before or occurs during my association with ALWS.

And if, I am in the presence of or in contact with children I will:

- treat children with respect regardless of their gender, race, colour, language, nationality, religion, political or other beliefs, family background, economic status, physical or mental health, criminal background, or opinions, or those of their family members
- not use language or behaviour towards children that is inappropriate, harassing, abusive, sexually provocative, demeaning or culturally inappropriate
- ensure that another adult is present when working in the proximity of children
- not engage children under the age of 18 in any form of sexual intercourse or sexual activity, including paying for sexual services. Local age of consent and mistaken belief in the age of a child is not a defence.
- not invite unaccompanied children into my home, unless they are at immediate risk of injury or in physical danger
- not sleep close to unsupervised children unless absolutely necessary, in which case I must obtain my supervisor's permission, and ensure that another adult is present if possible
- not use physical punishment on children
- not encourage or initiate physical contact with children
- not consume alcohol or illicit drugs in the company of children, not offer them to children and not facilitate children's access to alcohol or illicit drugs
- not show favouritism towards specific children such as the offering of gifts, special thanks, special treatment or inappropriate attention

- not hire children for domestic or other labour which is inappropriate given their age and developmental stage, which interferes with their time available for education and recreational activities, or which places them at significant risk of injury
- comply with all relevant Australian and local legislation, including labour laws in relation to child labour

These behaviours are not intended to interfere with normal family interactions.

When photographing or filming a child or using children's images for work-related purposes, I will:

- take care to ensure local traditions or restrictions for reproducing personal images are adhered to before photographing or filming a child
- obtain informed consent from the child and parent or guardian of the child before photographing or filming a child. An explanation of how the photograph or film will be used will be provided
- ensure images are honest representations of the context and the facts
- ensure file labels, meta data or text descriptions do not reveal identifying information about a child when sending images electronically or publishing images in any form

I understand that the onus is on me, as a person associated with ALWS, to use common sense and avoid actions and behaviours that could be construed as child exploitation or abuse.

I also understand that any breach of this Code of Conduct or the Child Safeguarding Policy is a violation of my obligations and may lead to disciplinary action up to and including dismissal, termination of services, legal action and/or criminal investigation and prosecution.
